### Fastener Finishes

Sockets are typically ordered in a black oxide or stainless steel. We also stock them with a blue xylan or zinc-plated finish. If you need to be supplied with another finish, then call or email us. We can provide finishes to your specification. We do it everyday.

### Technical Data

If you need a Technical Guide, then call or email us. We can provide your company with a Technical Guide that contains more specific information about mechanical qualities and strength.
